## GOVERNMENT INITIATIVES FOR SKILL DEVELOPMENT

The Ministry of Skill Development & Entrepreneurship, Government of India is responsible for the coordination of skill development efforts across the country. Its focus is on the elimination of imbalance between demand and supply of skilled manpower, building the vocational and technical training framework, skill upgradation, building of new skills and innovative thinking not only for existing jobs but also for the jobs that are yet to be created. The Ministry aims to skill on a massive scale with speed and high standards in order to achieve its vision of a 'Skilled India'.

It is aided in these initiatives by its functional arms - Directorate General of Training (DGT), National Skill Development Agency (NSDA), National Council for Vocational Education and Training (NCVT), National Skill Development Corporation (NSDC), National Skill Development Fund (NSDF) and 38 Sector Skill Councils (SSCs) as well as 33 National Skill Training Institutes (NSTIs), about 16000 Industrial Training Institutes (ITIs) under DGT and 197 training partners registered with NSDC. The Ministry also intends to work with the existing network of skill development centres, universities and other alliances in

the field. Further collaborations with relevant Central Ministries, State Governments, international organizations, industry and NGOs have been initiated for multi-level engagement and more impactful implementation of Skill Development efforts.

**National Skill Development Corporation (NSDC)** is a not-for-profit public limited company incorporated on July 31, 2009 under section 25 of the Companies Act, 1956 (corresponding to section 8 of the Companies Act, 2013). NSDC was set up by the Ministry of Finance as a Public Private Partnership (PPP) model. The Government of India through the Ministry of Skill Development & Entrepreneurship (MSDE) holds 49% of

the share capital of NSDC, while the private sector has the balance 51% of the share capital.

NSDC aims to promote skill development by catalyzing creation of large, quality and for-profit vocational institutions. Further, the organisation provides funding to build scalable and profitable vocational training initiatives. Its mandate is also to enable a support system which focuses on quality assurance, information systems and train the trainer academies either directly or through partnerships. NSDC acts as a catalyst in skill development by providing funding to enterprises, companies and organizations that provide skill training. It also develops appropriate models to

enhance, support and coordinate private sector initiatives. The differentiated focus on 37 sectors under NSDC's purview and its understanding of their viability will make every sector attractive to private investment.

Some of the notable schemes run by NSDC include Pradhan Mantri Kaushal Vikas Yojana (PMKVY), Rozgar Mela, Pradhan Mantri Kaushal Kendras (PMKK), Capacity Building Scheme, Udaan, India International Skill Centres (IISCs), Pre-Departure Orientation Training (PDOT).

The Directorate General of Training (DGT) also runs a range of schemes targeting different groups. Some of these are Craftsmen Training Scheme (CTS), Crafts Instructor Training Scheme (CITS), Apprenticeship Training under the Apprentices Act, 1961, Advanced Vocational Training Scheme (AVTS), Vocational Training Programme for Women, Skills Strengthening for Industrial Value Enhancement (STRIVE), and the Dual System of Training (DST).

Other schemes and initiatives under the Ministry are the following: Skill Loan Scheme, Indian Institute of Skills (IISs), as

## CAREER IN LANDSCAPE ARCHITECTURE

Nidhi Prasad

Let us first understand what is Landscape Architecture?

Landscape architecture now a days is very important sub-branch of architecture. Landscape architects design parks, outdoor spaces of campuses, recreational facilities, private homes and other open spaces, playgrounds, gardens, commercial centers, resorts, corporate and institutional centers and waterfront developments.

Landscape architecture is the study and practice of designing environments (outdoors & indoors) of varying scale that encompasses elements of art, environment, architecture, engineering and sociology.

Those who practice the profession of landscape architecture are called Landscape Architects / Landscape Designer.

Landscape Architect is a person involved in the planning, design and sometimes direction of a landscape, garden, or distinct space. The professional practice is known as landscape architecture.

The term "landscape designer" is sometimes used to refer to those who are not officially qualified or licensed as landscape architects. Others individuals who practice landscape design, but have yet to attain professional license (if it is available under a particular state or jurisdiction) refer to themselves as garden artisans, planting designers, environmental designers, or site planners.

**DIFFERENCE BETWEEN AN ARCHITECT & A LANDSCAPE ARCHITECT**

At this juncture I would also like to explain the difference between architecture and landscape architecture.

Architect job is to design & plan, for the construction of a building, office, from an individual residence, to group of hotels, housings, hospitals, commercial plazas, factories, and also gardens, leisure area within the framework of existing laws and regulations.

Landscape architecture is primarily a fine arts which creates, preserves beauty in and around human habitations. It involves the planning, design, management and nurturing of the built and natural environments. With their unique skill set, landscape architects work to improve human and environmental health in all communities.

Landscape architecture deals with the design of the total outdoor environment with the understanding of nature's world in man's domain. Man and nature are linked together. For creating a sustainable and healthy environment, understanding of nature as a process is very important. The components of nature such as rock, earth, water, vegetation, climate, birds and mammals etc. are all linked together and are interdependent. Landscape architecture plays a key role in any sort of development as it understands how and where to develop, without abusing the natural environment.

It is one of the decorative arts and is allied to architecture, city planning, and horticulture.

**ELIGIBILITY CRITERIA**

Similar to other specialized professionals, architects also train rigorously and gain significant academic exposure. Several universities and colleges offer a Bachelor's degree in Architecture (B.Arch.) and it

**CAREER IN LANDSCAPE ARCHITECTURE**

typically takes 5 years to earn this degree. However, one must leave no stone unturned when preparing to apply for admission into these sought-after universities and colleges for architecture. To begin with, most universities and colleges require a minimum score of 60% in 10+2 with Physics, Chemistry, and Mathematics.

**STUDY ROUTE**

- Clear XII - Science Stream (Physics, Chemistry, Maths.)
- Graduation - B. Architecture/ B. Planning / Civil Engineering
- Post-Graduation - (Landscape Architecture)

Most universities and colleges accept students on the basis of their performance in entrance exams and respective aptitude tests. Some of the most essential exams are JEE Mains, National Aptitude Test for Architecture (NATA), and Architecture Aptitude Test (AAT).

The entrance exams for architecture are:

**JEE Main Paper 2:** For admission into the top NITs and SPAs, it is mandatory to appear for this exam.

**JEE Paper I | JEE Advance | AAT** these exams are specifically for students who seek admission into IIT Roorkee, IIT Kharagpur, and IIT BHU. One needs to begin with attempting JEE Paper 1, and only after passing this exam may one attempt the following tests.

**NATA:** The National Aptitude Test in Architecture to all other reputed state, government, and private colleges. Exam is conducted twice a year in the months of April & July. Application releases in the month of January (4th week - tentative).

The key areas that are tested in the aforementioned entrance exams are mathematics, general aptitude, and drawing.

**WORK DESCRIPTION**

Essentially, landscape architect combine artistic skills with knowledge of human activity and the natural environment - and can help to protect and conserve the environment.

**Their work includes:**

- Talking to the client about the project
- Investigating the natural resources, features, wildlife and plants in the area
- Writing reports and giving presentations to groups of people
- Estimating costs and overseeing projects
- Creating plans, designs and drawings using computer-aided design programs
- Surveying sites
- Producing contracts and estimated costs
- Presenting proposals to clients for approval and agreeing time-scales
- Seeking the opinions of locals, business and others who use the site
- Liaising with other professionals such as architects, surveyors, town planners and civil engineers
- Landscape contractors normally undertake actual construction or maintenance work, with landscape architects or landscape designers retaining responsibility for the designs, overseeing the project and monitoring progress. Landscape architects normally work in an office and travel to sites as needed.

**A landscape architect should:**

- be able to balance different demands

and come up with a creative solution

- have an appreciation of design
- have good communication skills
- be interested in using outdoor space creatively.

**SKILL SET REQUIRED**

- High Perceptual Skills
- Creative Thinking
- Problem Solving Skills
- Computer Modelling
- Teamwork and Management
- Effective Communication Skills
- Perseverance
- Intense Pursuit
- You should also have strong writing and researching skills and an affinity for engineering and environmental sciences

**CAREER OPPORTUNITIES IN LANDSCAPE ARCHITECTURE**

Landscape architecture is one of the specialisations in architecture where the architects learn about a particular skill: A specialization in landscape architecture lets budding architects work in the intersection of nature and architecture. They work on building and creating better, more sustainable landscapes by integrating science, art, architecture, and technology.

As we move into a future of sustainability and the need for energy-efficient resources, landscape architecture has become a key to the future of design. Trained with a wide range of skills that combine art and science, the opportunities are endless for landscape architects.

Landscape Architects are often sought on multidisciplinary teams working privately, for public municipalities, for government agencies, for land developers, for commercial developers and on their own, addressing complex planning and development issues.

**Landscape Architects work with:**

- Architectural / landscape architectural firms
- Public housing or urban development projects
- Park, Gardens, recreational centers
- Tourist destinations
- Hotels/ Resorts
- Shopping centers
- Beaches
- Sport venues/ Playgrounds

**Top Colleges for Architecture in India**

- IIT Kharagpur, Kharagpur
- IIT Roorkee, Roorkee
- National Institute of Technology (NIT'S)
- BIT'S Mesra, Ranchi
- School of Planning & Architecture, Multiple Locations
- Chandigarh College of Architecture
- Faculty of Architecture, Jamia Millia University, New Delhi
- Sir J. J. College of Architecture, Mumbai
- Manipal Institute of Technology, Manipal

(The list is indicative only)

**PROS & CONS**

- **Pros:** Architecture is one of the most satisfying careers for passionate people who strive to use their creativity to build something new that is aesthetic and useful. An architect works in a dynamic environment and has a flexible thought process

**"PMKVY 3.0 will take skilling to the remotest of villages and towns in India"**

Dr. Mahendra Nath Pandey

In a bid to empower India's youth with employable skills, the Ministry of Skill Development and Entrepreneurship (MSDE) on January 15 launched Pradhan Mantri Kaushal Vikas Yojana (PMKVY) 3.0, in nearly 600 districts making 300+ skill courses available to the youth, making skill development more demand-driven and decentralised in its approach.

Dr. Mahendra Nath Pandey, Union Minister, MSDE launched the third edition of PMKVY in a virtual ceremony along with Shri RK Singh, Minister of State, MSDE.

Aimed at supporting the local economy, PMKVY 3.0 has been designed to keep pace with changing demands, both at the global and local levels. Launched in 717 districts, 28 States/eight UTs, PMKVY 3.0 marks yet another step towards 'Atmanirbhar Bharat'. PMKVY 3.0 will be implemented in a more decentralized structure with greater responsibilities and support from States/UTs and Districts. District Skill Committees (DSCs), under the guidance of State Skill Development Missions (SSDM), shall play a key role in addressing the skill gap and assessing demand at the district level. The new scheme will be more trainee- and learner-centric addressing the ambitions of aspirational Bharat.

PMKVY 2.0 has been instrumental in bolstering the skilling ecosystem and with PMKVY 3.0, skill development will usher in a new paradigm with focus on demand-driven skill development, digital technology and Industry 4.0 skills. The Government's growth agenda is guided by 'Atmanirbhar Bharat' and 'Vocal for Local' vision. Keeping this in mind, PMKVY 3.0 is a progressive step towards achieving the vision by establishing increased connect at state, district and block level. PMKVY 2.0 broadened the skill development with inclusion of Recognition of Prior Learning (RPL) and focus on training. With the advent of PMKVY 3.0, the focus is on bridging the demand-supply gap by promoting skill development in areas of new-age and industry 4.0 job roles.

While the National Education Policy puts focus on vocational training for a holistic growth and increased employability, PMKVY 3.0 will be a propagator of vocational education at an early level for youth to capitalize on industry-linked opportunities.

Dr. Mahendra Nath Pandey, Minister of Skill Development & Entrepreneurship, said, "Prime Minister's vision of 'Vocal for local and Atmanirbhar Bharat' can only be achieved by furthering the skilling ecosystem to the district level. As a young nation, we're poised to seize the opportunities that will make India the Skill Capital of the World. By taking the bottom-up approach to training, PMKVY 3.0 will identify job roles that have demand at the local level and skill the youth, linking them to these opportunities."

"The increased role of district administrations and MPs in mentoring and monitoring the training programs under the schemes will bring in greater local connect. PMKVY 3.0 will encourage healthy competition between states by making available increased allocation to those states that perform better," he added.

Shri RK Singh, Union Minister of State (IC) Ministry of Power, Ministry of New and Renewable Energy and Minister of State, MSDE, said, "Skilling is not an objective but a necessary prerequisite for the economic growth of the country. We need to move with speed and scale if we have to fulfil the vision of making India the skill capital of the world and from there, the industrial capital of the world."

Both ministers assured candidates and heads of PMKK centres that they would be provided the additional courses that will help them cater to local demand. Amid messages congratulating MSDE for the success of PMKVY 1.0 and 2.0, 'vocal for local' emerged as a recurring theme, as all MPs and PMKK centres spoke about the need to build a local talent pool that can cater to industry demands.

## KEY MESSAGES ON COVID-19 VACCINATION

## VACCINE INTRODUCTION

- This is the first time that a vaccine for COVID-19 has been developed and launched in the country.
- The vaccine will help to protect you, your family and communities from the Coronavirus.
- The vaccine provides immunity against the Coronavirus disease and reduces the risk of contracting the COVID-19 infection.
- This is an injectable vaccine.
- This is a safe vaccine, has gone through various trials and has been developed after scientific research.
- All safety protocols including CAB behaviours will be strictly followed in the vaccination centers and sites while providing the vaccine. All vaccinators are trained in vaccine safety protocols and familiar with COVID Appropriate Behaviour.
- All vaccinators are trained in vaccine safety protocols and are familiar with COVID Appropriate Behaviours. If you are a health worker, or work as a health care provider get yourself registered for the vaccine using the online registration system.
- Once you have registered yourself, you will receive the vaccine in the selected location near your home. The vaccination date, time and site will be intimated to you on your registered mobile number through SMS.
- If you are a health worker, or work as a health care provider get yourself registered for the vaccine using the online registration system known as the CO-VIN platform.
- If you work as a frontline worker (police, home-guard, municipal workers, armed force) you will probably receive the vaccine in first phase be a part of the priority group.
- The vaccine will be provided free of cost in the government health facility or at the designated vaccination centers.

## VACCINE EAGERNESS

- The government is planning to provide the vaccine for COVID-19 to whoever needs it. However, because of limited vaccine availability in the initial phase, it might take some time before it can be made available widely. Some people may have to wait for their turn to get the vaccine.
- With limited supply of vaccines in the initial phase, it will be provided to those people first who are at maximum risk of getting infected or spreading the infection.
- If you work as a Healthcare worker, municipal worker or Frontline worker such as State and Central Police Department, Armed Forces, Home Guards or Civil - Defense, you will be in first list along with the people from the high risk population like people over 50 years old and those less than 50 years but with comorbid conditions.
- Only registered beneficiaries will be vaccinated. All beneficiaries have to be registered online. There will be no on-spot registrations at the vaccination site. Only registered beneficiaries will be vaccinated. There will be no on-spot registrations at the vaccination site.
- The Government of India has decided to adhere to phased vaccination process and identified the priority groups for the first phase keeping in view the high risk population groups and vaccine availability in the initial phase.
- The priority groups are: 1. Health Care Workers 2. Frontline Workers 3. People over 50 years of age 4. People under 50 years of age with co-morbidities.
- As you know health care workers and frontline workers are at the greatest risk of getting infected and are the most vulnerable.

## VACCINE HESITANCY

- Vaccination saves lives at every stage of life.
- Immunization has been a great public health success story.
- Vaccines provide immunity and protect us and our communities from contracting diseases.
- It is critical for us to get the COVID-19 vaccine, when our turn comes, so that we can protect ourselves, our families, friends and communities from the infection.
- The vaccination process will be a phased one, we need to ensure adherence to CAB behaviours at all times by all members.
- The COVID-19 vaccines have been developed after thorough scientific research and are introduced to the public after undergoing various trials and after they were declared safe for the public.
- It is true that the COVID-19 vaccine has been developed in a short time frame, but it has undergone the protocols of various levels of trials, following due scientific processes and after due diligence. All safety protocols have been followed and there have been no compromises in bringing the vaccine to the general public.
- Adequate safety and efficacy tests have been done on this vaccine, and the regulatory approval has been given after all required checks have been confirmed.
- While administering the vaccine, all safety protocols including CAB behaviours will be followed at the vaccination centers and vaccination sites.
- All vaccinators have been adequately trained in vaccine safety protocols and the need to follow COVID Appropriate Behaviours.

## COVID Appropriate Behaviour during and after vaccination

- While vaccines are now available for some people in the initial phase, it is critical that all of us continue to follow all the COVID Appropriate Behaviours to ensure that we stay protected.
- While the vaccine will protect you and your families, it needs to be supported by following of the key preventive behaviours: use of masks, frequent handwashing with soaps and sanitisers, and maintaining physical distance of at least 6 feet (Do Gaj ki Door).
- We must continue to watch for any COVID-19 symptoms and be prompt to isolate ourselves and get tested if we experience any symptoms.
- COVID Appropriate Behaviours need to be followed and continued diligently during and after the vaccination session as well.
- COVID Appropriate Behaviours are a must for all of us to follow, till the world can adequately address and fight the virus and put in place all the right tools to deal with it.

## PRIORITISATION OF POPULATION FOR COVID-19 VACCINE

Considering the limited availability of the vaccine initially, persons who are at maximum risk of getting infected with COVID-19 and population having risk of high mortality will be vaccinated first.

## THE CRITERIA FOR SELECTION OF THESE BENEFICIARIES ARE

Those at the greatest risk of exposure to infection and age group having high COVID related death.

Those when vaccinated would minimize the spread of the virus.

## PRIORITISED GROUPS FOR PHASE 1

Health care workers

Frontline workers

Population above age of 50 years

Population with associated comorbidities such as hypertension/diabetes/HIV/cancer/cardiovascular disease/chronic disease etc.

## WHEN WILL POPULATION BELOW 50 YEARS OF AGE AND NOT HAVING ANY CO-MORBIDITY, BE ELIGIBLE FOR COVID-19 VACCINATION?

COVID-19 Vaccine roll-out will take place in phased manner based on vaccine availability.

PHASE 1: Specific priority groups to be covered.

PHASE 2: Guidance on the next category to be prioritised for vaccination will be announced by National Expert Group on Vaccine Administration for COVID-19 (NEGVAC).

Information on the Phase 2 roll-out, registration process and details about where and when of the vaccination sessions will be provided closer to the implementation period.

## WHILE WAITING FOR PHASE 2 ...

- Do not be anxious about the availability of the vaccine, wait for your turn.
- Do not be misled by the fake vaccine marketing/promotions, as the COVID-19 vaccine is not available in the open markets yet.
- Make sure that you follow COVID Appropriate Behaviours at all times, even after vaccination.
- Attend community meetings on COVID-19 vaccination process organized in your locality while maintaining social distancing.
- You may volunteer to support implementation of Phase 1 vaccination sessions in your areas.
- If feeling unwell, get tested for COVID-19 at a nearest facility; doctor's prescription is not required. If tested positive, self-isolate immediately and seek medical support.
- If you have any questions/doubts Call 24x7 National Helpline No.1075; +91-11-23978046.

## ABOUT COVID-19 VACCINE ...

- COVID-19 Vaccine is safe and effective and will be available in phased manner.
- COVID-19 Vaccine along with CAB are effective to protect individuals from COVID-19 infection.
- COVID Appropriate Behaviours are to be strictly followed at all time, even after vaccination.
- Pre-registration is a must for the eligible beneficiaries.
- Vaccine will not be given to the individuals who are not registered.
- Registration process will be guided by the mobilisers/volunteers as and when available.
- If you are unwell when at the time of your second dose of vaccine appointment, it is better to wait until you have recovered. You should try to get the second dose as soon as possible after recovery.
- You should not attend a vaccination appointment if you are self-isolating, or waiting for a COVID-19 test or unsure if you are not well.
- Complete schedule of vaccination will reduce chances of a person becoming seriously ill.

**J. Selection Methodology:**

- The selection process will comprise of Written Test and a Skill/Proficiency/Physical Test (SPPT) which will be of qualifying nature. Category-wise and Post-wise Merit list shall be drawn on the basis of marks obtained in the Written Test, only for such candidates who qualify in the SPPT.
- Every candidate will have to secure a minimum of 40% marks in the written test for qualifying in the SPPT.
- The minimum qualifying marks in the written test will be relaxed by 5% for candidates belonging to SC/ST categories against reserved positions.
- Obtaining minimum qualifying marks in the written test does not confer any right or claim by the candidate for being shortlisted for the SPPT or the final selection, as the same is related to number of positions, ratio applied and relative performance in respective categories.
- Short listed candidates, in the ratio of 1:2 (with due cognizance to no. of reserved posts) subject to securing minimum qualifying marks in the written test, will be required to undergo the SPPT. The SPPT for each discipline shall be conducted by a duly constituted committee.
- In case of tie of marks in the written test for the last position on the Shortlist for SPPT, all such candidates shall be called for SPPT even if the total number exceeds the prescribed ratio. If such a situation arises anywhere before the last position while drawing the list, the last name/last few names, in proportion to the prescribed ratio will get eliminated.
- Category-wise Merit list shall be drawn on the basis of marks obtained in the written test from & out of the said shortlist; only for such candidates who qualify in the SPPT.
- In case of tie of marks for the last position on the Merit List, the candidate with prior date of birth (senior by age) shall find a place in the Merit List. If such a situation arises anywhere before the last position while drawing a list, the last name/last few names in the list, in the proportion to the prescribed ratio, will get eliminated.
- Candidates, who have availed of concession in Age, Eligibility qualification marks or in Written Test qualifying marks, as is available to a category, will be considered against reserved positions, irrespective of their position in select list (in order of merit within the category).
- Ex-Servicemen candidates, if found suitable, will be considered against reserved vacancy irrespective of their position in the Merit List (in order of merit within the category) on horizontal reservation policy.
- The candidature of the applicant would be provisional and subject to subsequent verification of certificates/testimonials, experiences etc. At any stage of the selection process, if it is found that the candidate has furnished false or incorrect or incomplete information, the candidature/apPOINTment of the candidate will be cancelled.
- Filling up of vacancies is solely at the discretion of the Management based on suitability of candidates and no claim will arise for appointment, if some of the vacancies are not filled due to unsuitability/sufficient number of candidates.
- The decision of the management will be final and binding on all candidates on all matters relating to eligibility, acceptance or rejection of the applications, mode of selection and cancellation of the selection process, etc. No correspondence will be entertained in this regard.

Sector are required to submit all pay proofs in support and must be in a position to produce Form 16/ ITRs in support of Pay slip/ certificate in respect of monthly emoluments (if asked for). The decision of SECI shall be final and binding with regard to equivalence in pay and experience in such relevant pay scale/ equivalent level. Candidates are required to provide all supportive details themselves in respect of their eligibility.

10. The applicant's Email ID entered in the application form must remain valid for at least next one year. All future correspondence would be sent via E-mail only.

11. The candidates applying should ensure that they fulfil all eligibility conditions. Their admission at all stages is purely provisional. Mere issue of letter for Written Test or Interview or for any stage of selection process will not imply that candidature has been accepted. Verification of Original Certificates will be done only at the time of Interview. The candidature of a candidate shall be cancelled at any point of time if the candidate is found not meeting the advertised eligibility criteria.

12. The prescribed qualifications / experience constitutes minimum standards and mere possession of the same will not entitle a candidate for being considered for selection process. The Management reserves the right to increase or decrease the number of posts or consider for lower posts / grades or not to fill all or any of the notified posts or raise the minimum eligibility standards, change the selection criteria, cancel recruitment process without assigning any reason thereof. Further, no claim will arise for appointment, if some of the vacancies are not filled due to unsuitability/insufficient number of candidates. Only shortlisted candidates who are found apparently eligible based on the notified specifications and the information given in their application form will be called for Written Test / GD / Interview, as the case may be.

13. Minimum percentage of marks in the essential qualification as indicated above shall be aggregate of all semesters to be calculated taking average of all semesters / years, irrespective of the weightage to any particular semester / year by the Institute / University.

14. Whenever CGPA / OGPA or Letter Grade in a Degree is awarded, equivalent percentage of marks should be indicated in the application as per norms adopted by the University / Institute. If called for document verification, the candidate will have to produce a certificate issued by the appropriate authority inter alia stating the norms of the University/Institute regarding conversion of grade into percentage and the percentage of marks by the candidates in terms of norms. In case it is not available, decision of SECI shall be treated as final.

15. The percentage marks shall be arrived at by dividing the total marks obtained by the candidate in all the subjects in all the semester(s)/year(s) by aggregating maximum marks in all the subjects irrespective of honors / optional / additional optional subject, if any. In case of Group Discussion/ Interview / Written Test, the same may be held at Delhi only.

16. It may be noted that Admit Cards for Written test will not be sent by post. Candidates have to download the Admit Cards from the website [www.seci.co.in](http://www.seci.co.in) only and follow the instructions specified in the Admit Cards.

17. SC / ST / OBC-NCL/ EWS candidates should possess valid Certificate in the prescribed format as per the Government guidelines.

18. PwBD candidate fulfilling minimum benchmark may apply against the above posts. PwBD candidates should possess certificate in the prescribed format and validity as per Government guidelines.

19. Candidates employed in Central/ State Government / Public Sector Undertakings/ Autonomous Bodies shall either forward their application through proper channel or produce NoC from their present employer at the time of GD/ Interview.

20. Candidate will have to produce Relieving Orders from their last employer at the time of joining in case of selection.

21. Any canvassing directly or indirectly by the applicant shall disqualify his/her candidature.

22. The candidature of the applicant is liable to be rejected at any stage of the recruitment process or after recruitment or joining, if any information provided by the candidate is found to be false or not found in conformity with the eligibility criteria mentioned in the advertisement.

23. Any legal proceedings in respect of any matter of claim or dispute arising out of this advertisement and/or an application in response thereto can be instituted only in Delhi and Courts at Delhi only shall have sole and exclusive jurisdiction to try any such cause/dispute.

24. In case any dispute arises on account of interpretation in language versions other than English, English version shall prevail.

**GOVERNMENT INITIATIVES FOR SKILL DEVELOPMENT**

well as the Skills Acquisition and Knowledge Awareness for Livelihood Promotion (SANKALP).

Let's take a close look at the salient features of the key scheme of the Ministry, the PMKVY.

**Pradhan Mantri Kaushal Vikas Yojana**

The Pradhan Mantri Kaushal Vikas Yojana (PMKVY) is the flagship scheme of the Ministry of Skill Development & Entrepreneurship (MSDE) implemented by the National Skill Development Corporation. The objective of this skill certification scheme is to enable a large number of Indian youth to take up industry-relevant skill training that will help them in securing a better livelihood. Individuals with prior learning experience or skills will also be assessed and certified under Recognition of Prior Learning (RPL).

The scheme was launched in 2015 with the following objectives:

- Provide fresh skill development training to school dropouts, college dropouts and unemployed youth through short-term courses
- Recognise the skill available of the current workforce through skill certification
- Engage states in the implementation of the scheme leading to capacity development of the states
- Improved quality of training infrastructure along with alignment of training with the needs of the industry
- Encourage standardization in the certification process and initiate a process of creating a registry of skills

The overall idea is to boost both industry and employability of youths. During its pilot phase in 2015-16, 19.35 lakh candidates were trained.

After the successful implementation of pilot PMKVY (2015-16), PMKVY 2016-20 was launched by scaling up both in terms of sector and geography and by greater alignment with other missions of the Government of India like Make in India, Digital India, Swachh Bharat, etc. The Scheme is aligned to Common Cost Norms and has a total budgetary outlay of Rs 12000 crores.

**Key Components of the Scheme**

**1. Short Term Training (STT) -** The Short-Term Training imparted at PMKVY Training Centres (TCs) is aimed towards the candidates who are either school college dropouts or unemployed. Duration of the training varies according to the job role, however, the majority of courses range between 200-800 hrs (2-6 months). The Training is provided according to the National Skills Qualification Framework (NSQF). Upon successful completion of their assessment and certification, candidates are provided placement assistance by Training Partners (TPs).

**2. Recognition of Prior Learning (RPL) -** Individuals with prior learning experience or skills are assessed and certified under the Recognition of Prior Learning (RPL) component of the Scheme. RPL aims to align the competencies of the unregulated workforce of the country to the NSQF. The duration of the training/orientation ranges

between 12-80 hrs.

**3. Special Projects -** Special Projects component of PMKVY envisages to encourage trainings in special areas and premises of Government bodies, corporates / industry bodies and trainings in special job roles not defined under the available Qualification Packs (QPs) / National Occupational Standards (NOSs).

PMKVY (2016-2020) has two components known as Centrally Sponsored Centrally Managed (CSCM) and Centrally Sponsored State Managed (CSSM).

The CSCM consists of 75% of the PMKVY (2016-2020) targets and is being implemented centrally through National Skill Development Corporation (NSDC).

**Rozgar Mela**

To give impetus to the employment initiatives in the country, the National Skill Development Corporation under the aegis of Ministry of Skill Development & Entrepreneurship, Govt. of India has been organizing Rozgar Melas across the nation for providing suitable job opportunities to the unemployed youth. The Rozgar Mela is a major initiative taken by the Ministry to improve the placement rate of unemployed youth.

With initiatives like the Rozgar Melas, the Government is ensuring a parallel growth in the private industrial sector. There is no end to the potential for industry to flourish across the States with big corporates partnering the government and pledging to invest.

Rozgar Melas are a platform exclusively for the youth where Corporate India participates extensively and extends opportunities of employment to the deserving candidates. During the 3-day event, 50+ companies generally participate in the Rozgar Mela offering on an average 5000+ jobs in 15+ high growth economic sectors like automotive, electronics, IT-ITeS, telecom etc. The event witnesses on-site distribution of Offer Letters/Letter of Intent to the selected candidates.

**Pradhan Mantri Kaushal Kendra**

Under the Skill India Mission, establishment of state-of-the-art, visible and aspirational model training centers has been initiated in every district of India, ensuring coverage of all parliamentary constituencies. These model training centers are referred to as "Pradhan Mantri Kaushal Kendra" (PMKK).

PMKK is MSDE's initiative towards creation of standardized infrastructure for delivery of skill development training which are equipped to run industry-driven courses of high quality with focus on employability and create an aspirational value for skill development training. PMKK envisions to transform the short-term training ecosystem from a mandate driven delivery model to a sustainable institutional model.

The PMKK program provides financial support in form of a soft loan up to INR 70 lakhs to create training infrastructure and complements the delivery of the Pradhan Mantri Kaushal Vikas Yojana (PMKVY), the flagship skill development program of the Government at the district level.

The Ministry also focuses on creating opportunities for entrepreneurship and

the Pradhan Mantri YUVA Yojana (PM-YUVA) is a step in that direction.

The thrust of this initiative by the Ministry of Skill Development and Entrepreneurship lies in training, advocacy and offering easy access to an entrepreneurship support network to over 7 lakh youth to initiate maximum start-ups over five years.

The two prime objectives of the scheme are: first, to educate and equip potential and early-stage entrepreneurs; second, to connect entrepreneurs in enabling networks of peers, mentors, incubators, funding and business services.

The project will be implemented through a network of Entrepreneurship Resource and Coordination Hubs (E-Hubs). Nodal E-Hub, Delhi-NCR is responsible for ensuring on-ground implementation of PM YUVA scheme in Delhi-NCR region.

**Achievements so far and plans for 2021**

In August 2020, the National Skill Development Agency (NSDA) was subsumed in the National Council for Vocational Education and Training (NCVT). The NCVT finalized the Awarding Body and Assessment Agency Guidelines and launched the same. Similarly, an Unique Identifiable Certification System was finalized and launched.

The fourth meeting of the Executive Committee of the National Skill Development Mission was held under the Chairpersonship of Secretary, MSDE to discuss the following issues:-

- Review the progress under seven sub-missions under NSDM
- Detailed discussion on key features of upcoming scheme PMKVY 3.0
- Discussion on Online and blended learning model to address challenges of disruption in training and challenges in global mobility
- Strengthening Training of Trainers/Assessors

With respect to the Pradhan Mantri Kaushal Vikas Yojana (PMKVY), approval for PMKVY 3.0 (2020-21) Scheme was granted by the Expenditure Finance Committee (EFC) in the meeting held on 17 September 2020 under the chairmanship of Secretary (Expenditure). The new (PMKVY 3.0) (2020-2021) is targeting to train 6 Lakh candidates at an outlay of INR 94.90 crore during 2020-21.

Further, PMKVY Scheme has been successfully on-boarded on the UMANG Platform. Various services of the PMKVY scheme are now live on the UMANG Platform such as candidate registration, find a training centre and track status. Additionally, APIs for integration of Apprenticeship portal with UMANG application have been developed and handed over to UMANG team for further necessary action.

Online virtual classes for ITI trainees are being conducted using dedicated virtual classroom software by ITI expert trainers, skilled experienced NSTI Officers and industry experts. During July 2020, total 289 classes were conducted and 1.59 lakh students participated. So far, 2868 online virtual classes have been conducted.

A digital skill platform has been developed for reskilling/upskilling of ITI instructors and trainees which integrates trainees, teachers, institutes, government and the corporates for complete life cycle of the training process and a pilot run was conducted successfully.

The ITIs, the training centres under PMKVY and Apprenticeship training establishments have started functioning in the month of October, except in four states, after permission was given for the same under Unlock 4.0. The centres are following the precautions laid down under the SOP issued by MoHFW, along with the detailed guidelines issued by this Ministry.

An android mobile App NIMI Mock Test was floated for pilot testing during the month of July 2020 for the benefit of students to assess themselves. So far 2,64,512 trainers/ trainees have registered. Students have the capability of generating their own question papers and attending the mock exams. At the end of the exam, a result analysis appears in the app. As of December 2020, 3,97,296 such question papers have been generated and attempted by students.

**CAREER IN LANDSCAPE ARCHITECTURE****CONCLUSION**

Landscape Architects often go beyond design creating frameworks and policies for place and city shaping that enable citizens and government to create better places for all.

Landscape Architecture is a highly ambitious field these days as structural designs and modern buildings are taking over not just the city, but the country's infrastructure is also getting a facelift and new avenues are

opening up for the hopeful students.

Landscape designing isn't everyone's cup of tea. Only a few, with a far sighted vision can make it big in this field. One has to portray their creativity in the most Eco-friendly, user-compatible way.

Landscape Architecture combines art and science to improve not only the environment, but our everyday lives. You have the opportunity to make an impact on the world's experience of outdoor spaces as a landscape architect, and have endless ways and places to do

so. It's only up to you now. Are you up for the challenge?

# NETAJI SUBHAS CHANDRA BOSE

This is Subhas Chandra Bose, who is still alive, speaking to you over the Azad Hind Radio. British news agencies have spread all over the world the report that I died in an airplane crash on my way to Tokyo to attend an important conference there. Ever since I left India, last year, British propaganda agencies have from time to time given contradictory reports of my whereabouts, while newspapers in England have not hesitated to use uncomplimentary language about me. The latest report about my death is perhaps an instance of wishful thinking. I can imagine that the British Government would, at this critical hour in India's history, like to see me dead since they are now trying their level best to win India over to their side for the purpose of their imperialistic war. I have not before me the full particulars of the airplane disaster referred to above. I cannot, therefore, say if it was the result of sabotage on the part of our enemy. In any case, I beg to offer my respectful homage to the memory of those who lost their lives in that tragic event. Their names will be written in letters of gold in the history of our struggle for independence. I have considered very carefully the offer of the British Government to India and the radio speech of Sir Stafford Cripps in that connection. I feel perfectly convinced that it is now quite clear that Sir Stafford has gone to India to try the age-long policy of British imperialism—divide and rule. Many people in India did not expect Sir Stafford Cripps to play a role which might very well have been reserved for a Conservative politician like Mr. Amery. Sir Stafford has himself assured us that the terms offered to India are, in his opinion, the soundest and the best, and that the members of the British Cabinet were all unanimous over these proposals. This affords one further proof that, in Britain, all party differences disappear when the question of India comes up. Sir Stafford has told us that India is a sub-continent inhabited by many races and

peoples. I would like to remind him that India was united under the empire of Asoka the Great, several centuries before the Christian era—more than 1,000 years before England was united. Britain has, in other parts of her Empire, for instance in Ireland and Palestine, used the religious issue in order to divide the people. She has been utilizing in India for that same purpose not only this issue but other imperial weapons like the Indian Princes, Depressed Classes, etc. Now Sir Stafford is in India to use the same instruments for imperialistic ends. It is no less striking that Sir Stafford is applying the old imperialist policy of working for a compromise with one section of the people while simultaneously suppressing the other. That is why on the one side Sir Stafford is conferring with one set of politicians, while on the other the fearless and uncompromising fighters for independence are safely lodged behind prison bars. The Indian people are fully aware of this nefarious policy of British politicians. I have no doubt that the spirit of our freedom-fighters will hurl down the prison walls and inspire the people of India to know that this is an insult to India's self-respect and honour. As the London paper, the Daily Telegraph has remarked, "Sir Stafford's proposals contain nothing that is fundamentally new. The essence is Dominion Status within the Empire, which will be realized only when the war is over. But, according to the terms of the offer, the speech of Sir Stafford Cripps, and the comments of English papers like the Manchester Guardian, it is quite clear that the real intention of the British Government is to split India into a number of States, just as Ireland was split up at the end of the last war. I am doubtful whether India will even look at such an offer. Indians are by nature hospitable, and Sir Stafford will be committing a grievous mistake if he interpreted such hospitality to mean the acceptance of his offer. Sir Stafford reached the

Year long celebrations to commemorate 125th birth anniversary year of Netaji Subhas Chandra Bose commence on 23rd January

height of imperialist hypocrisy when, at a press conference at Delhi, he remarked that Indians have not been able to produce an agreed constitution. But the Indian people know from their bitter experience that only the British Government is responsible for the corruption and bribery in India. The Indian people are, therefore, convinced that they can no longer hope to win their freedom by discussion or argument, propaganda and passive resistance, but must now resort to other methods that are more effective and powerful. Sir Stafford also mentioned that while the war is going on, a new constitution cannot be framed for India, and hence the inauguration of Dominion Status will begin on the termination of the war. I may remind Sir Stafford Cripps that, as early as October 1939, I replied to the British Government by suggesting that a Provisional National Government, commanding the confidence of the majority of the people, should be set up at once. This Provisional National Government could be made responsible to the present Indian Legislative Assembly. In other words, the Provisional National Government could be made responsible to the elected members of the Indian Assembly. This suggestion was first of all put forward by me on behalf of the Forward Bloc of the Congress, and it being practicable and reasonable, the official Congress Committee also adopted it as their own demand. The fact, however, is that the British Government is not ready to part with power at the present moment. By raising the issue of the minorities or of the Princes or of the so-called Depressed Classes, they can at any time find a plea that Indians are not united. Sir Stafford must be living in a fool's paradise if he thinks that, by making such hopeless offers, he can satisfy India's hunger for freedom. In the last World War, with the help of India, the war was won by England but India's reward was further suppression and massacre. India has not forgotten those

episodes, and she will see that the present golden opportunity is not lost. Since the beginning of this century, the British Government has been using another organization as a counter-blast to the Congress in order to reject its demands. It has been using the Muslim League for this purpose, because that party is regarded as pro-British in its outlook. In fact, British propaganda has tried to create the impression that the Muslim League is almost as influential a body as the Congress, and that it represents the majority of India's Muslims. This, however, is far from the truth. In reality there are several influential and important Muslim organizations which are thoroughly nationalist. Moreover, of the 11 provinces in British India, out of which only four have a majority of Muslims, only one, the Punjab, has a Cabinet which may be regarded as a Muslim League Cabinet. But even the Punjab Premier is strongly opposed to the main programme of the Muslim League, namely the division of India. But even then it is said that the majority of the Muslims will not stand for Indian independence. As far as the defence of India is concerned, it is stated in the British proposals that, so long as the war lasts, the full military control of India will be directly in the hands of Britain, not even in the hands of the Viceroy or the Commander-in-Chief in India. By this policy, Britain wants to achieve a twofold purpose. She desires, on the one hand, to utilize to the fullest extent India's

resources for the whole Empire, and, on the other, to force thereby the enemies of Britain to attack Britain's military base in India, so that the Indian people may be provoked into voluntarily entering the war as Britain's ally. I would like to affirm, with all the emphasis at my command, that all the pro-British Indians who are participating in Britain's war will alone be responsible if the war comes ultimately to India. I would like further to warn my countrymen that Britain's sole object now is to drag the Indian people into the war. It has been a successful game of the British people to get other nations involved in the war. Up to the present time they have been carrying out glorious retreats and successful evacuations. Recently they have adopted a novel policy of burning and destroying everything before taking to their heels. If the British Government apply these scorched-earth tactics to their own country, that is no concern of ours. But I have every reason to believe that they have decided to apply these scorched-earth tactics in Ceylon and India, should the war come there. Therefore, participation in Britain's war will not only hinder Britain's defeat and overthrow, but will also delay the attainment of independence for Indians.

#### ■ India registers historic win over Australia in Brisbane test to seal 4-match series 2-1; Retains Border-Gavaskar Trophy

India created history by defeating Australia by three wickets in the fourth and final Test at the Gabba in Brisbane on January 19 and retained the Border-Gavaskar Trophy. India successfully chased the 328-run target to seal the four-match series 2-1. This was the first defeat for Australia at their fortress Gabba in 32 years as Rishabh Pant's brilliant unbeaten 69, Shubman Gill's 91, and Cheteshwar Pujara's 55 run knock in the second innings guided India to the memorable Test series win.

#### ■ BCCI announces 18 member squad for home tests series against England

India's regular Skipper Virat Kohli will return to the team for next month's four-test series against England after Board of Control for Cricket in India (BCCI) has announced the official squad for the first two Tests for the home series against England. Surprisingly, in view of COVID-19, BCCI has named a 18-member squad instead of the regular 16-member squad. The first test is scheduled for February 5th to 9th followed by the second from February 13th to 17th, with both games to be played in Chennai. The third and fourth tests will be played at Ahmedabad on February 24th to 28th and March 4th to 8th.
